Biography

Nigel Goldsmith is a visual artist working with installation, photography and the moving image. Much of his work explores the industrial sublime and the infrastructure that drives the modern linear economy including shipping, AI and industrial robotics. Born in West Wales, Nigel has a BA in film and Photographic Art and an MA in Fine Art. His work has been included in group exhibitions and film festivals in the UK, Greece, Italy Mexico and the Czech Republic. He is currently an artist associate at Spike Island in Bristol and an associate resident at Emerge studios in Bath.
